Home	Away	Country	Time	Home Corners	Away Corners	97-45 min corners home team	97-45 min corners away team	90 mins+ FT corners home team	90 mins+ FT corners away team	Notes				
Midtjylland	v	Fc helsingoer	Denmark	17:00						take over 0.5 first half goals or over 1 first half goal line.				
Jong Ajax	v	De graafschap	Holland	19:00						take over 0.5 first half goals or over 1 first half goal line.				
Genet	v	Standard Liege	Belgium	19:00	3.5	2.5				Stats for some games are very low but race to 5 gent won in 5/5 head to heads an is probably the best bet on this game. Unibet will have team corners inplay but hard to catch these lines				
Sparta Rotterdam	v	Heerenveen	Holland	19:00	4.5			3	8	Sparta get and concede a lot of corners at the moment. away stats are 6/7 had 8 or more. 7.5 is a better number but 6/6 had over 9 for Sparta and last game had 14. Would take bets inplay and jump on if the games end to end and avoid pre game				
Ac ajaccio	v	Chateauroux	France 2	19:00					3	7	3 or more fh Asian corners won in 8/8 home and 8/8 away and 3/3 head to heads. a lot of 3s so play 2/3 fh Asian not 4. 7 match looks good but asking if 9/10 is risky on the home team. but away team get and concede a lot of corners away from home with 8.5 not falling away from home this season			
Auxerre	v	Ajaccio GFCA	France 2	19:00					3	Home r25	3 or more fh Asian won in 8/8 and 6/8 last head to head had 6 fh with 3/3 head to heads having 4 or more fh. Match corners don't look great as the away team don't get many but auxerre won r25 in 3/3 head to heads and Ajaccio didn't get 5 in 8/8 while auxerre got 5 in 5/5 at home			
Nimes	v	Us quevilly	France 2	19:00				9/10	9/10	3	8	8/7 each team had 8 or more match corners. both get and concede expect 6 nimes and 4/5 quevilly corners if they both show up. 90% over 10 games have late corners so keep tabs on Asian line if games close on scoreline		
Niort	v	Clermont Foot	France 2	19:00							8	8/7 each had atleast 8 corners. history's good with 2/2 having o10 the last game in Clermont had 18		
Us orleans	v	Sochaux	France 2	19:00				4	9	9	away r23,5,7,9	If sochaux show up this games got potential to be very profitable. 2/2 head to heads they've won r23,5,7 and 9 once. They won the race to 3,5,7 in 5/7 away. When they won the race to 5 they won the race to 7. R29 won in 3/7 and Orleans conceded 6,7,8 and 8 in last 4 home games		
Paris FC	v	Lorient	France 2	19:00							8	both teams get and concede a good amount of corners. many games had 10+ and 7/8 home and away had 8 or more if both deliver they can get 5/6 each		
Wolves	v	Fulham	Eng Champ	19:45	3.5	3.5		10/10	10/10			3+	Wolves been sketchy in some games but 7/10 had 3 each team the 3 fails 1 team always got 3+ the other ended 2. Fulham got 5 or more in 3/3 head to heads and 3+ away corners won in 7/8	
Real betis	v	Getafe	Spain	20:00	3.5	2.5						3+	3+ each teams won in 5/5 at home this season for Betis. they've conceded 4 or more in 4/5 and not failed to get 4 at home in 20 games but o4 looks risky as getafe don't concede much more than 4 v often	
Saturday 4th November														
Newcastle jets	v	Wellington	Australia	8:50	4.5								Home side concede a lot of corners. v a better team these guys can concede 12. Last two home games they conceded 9/12 Phoenix travel well and should win the corner match. Won it 4/4 v them and jets lost it 6/7. Problem with this game it's Australia and anything can happen	
hfk	v	Honka	Finland	12:00						8	Away r23,5,7		Last game ended 0-0 and 2-1 on corners to honka, this is leg 2 of the play offs. they both have to win the game to stay up or be promoted. hfk to stay up. honka to be promoted. Honka won the race to 3,5,7 corners in 7/7 away from home and hfk get and concede corners. I'd expect honka to hold all value on races and worth risking small stakes.	
Stoke City	v	Leicester	England	12:30	4.5	4.5				4	10	4+	4+ each teams won in 3/3 head to heads and each one of them had over 11 corners. Leicester have had 7 games away where 7/7 they conceded 5 but are also getting 4+ I think 4 each on skybet is a great single here if the odds are good	
St Johnstone	v	Celtic	Scotland	12:30	3.5	4.5				3	8	3+	9/10 id put Celtic race to 3,5,7 on the sheet but homeside form is really good! They will have value on team corners. they got 16 v rangers. 7 v Ross county and 5 v Hamilton recently. History's one way traffic to Celtic but last game in this stadium it ended 5-6	
Augsburg	v	Leverkusen	Germany	14:30	3.5	3.5		7/10	9/10	7	Away r23	3+	Keep an eye on the game for a first half goal or first half goal line over 1 as 5/5 each had one or more	
Huddersfield	v	West Brom	England	15:00	3.5	3.5				8		3+	6/6 Huddersfield had over 8. 5/6 Brom had 8 or more. Huddersfield have not failed to get 4 in 6/6 and Brom conceded 4 in 5/6. Huddersfield concede and get corners and if Brom show up I'd expect 10 corners here. 8 inplay is a good line tho	
Southampton	v	Burnley	England	15:00	5.5	3.5	10/10	7/10		8			6/7 Southampton home games had 2 or more corners between 37-45 mins the other had 1 - consider exacts & overs here. 6/7 home games Southampton got 6 or more corners. 7/7 had over 8 corners. 5/7 Burnley conceded 6+ getting 3 or more in 6/7 and match corners all went over 8	
Vaenamo	v	Oergryte	Sweden 2	15:00				9/10	6/10	10/10	9/10	9	8/8 home games had over 5.5 team corners and if unibet offer 4.5 I'll take it. 8/8 home games had 10+ corners as they concede about 5 a game usually and are both good for getting and conceding corners. 10 Asian if available pre game is worth taking the last game between them had 16	
Helsingborg	v	Oesters	Sweden 2	15:00						8			8/10 home 9/10 away had atleast 3 fh corners. I'd of marked this 4 but history's suggesting 3 could push. match corners 10/10 each had 7+ 8/10 home 10/10 away had 8 or more	
Ipswich	v	Preston	Eng Champ	15:00				9/10	9/10		3	8	Only 1 home game for Ipswich this season ended under 4.5 corners first half. Preston don't have the best fh corner stats hence the 3 line. but Ipswich get and concede fh corners so 3 if it shows will be a great line. 9/10 each have late fh corners so consider the late bet here. Only 1 home and 1 away game ended under 8 corners this season for the two and last game ended 9 between them	
Millwall	v	Burton	Eng Champ	15:00				7/10	8/10		8		expect more second half corners than first. however Millwall rarely fail to get a team corner before 15 mins which will be available on William hill website. Millwall hit 4/5 second half team corners when they show up. 6/7 each had 8+ corners and 6/6 had 7 or more home and away	
Sheff Utd	v	Hull	Eng Champ	15:00				8/10	6/10		4	8	6/7 home and 6/7 away had atleast 4 fh corners. 7/7 each had 8 or more and sheff Utd are the better corner team but both capable of getting them and conceding. Fh better stats than second but whe it's quiet fh the second is busy so if you fail fh go back second half as this games got potential for 8+	
Rayo Vallecano	v	albacete	Spain 2	15:00						9	Home r23,5,7		Rayo's just need to show up and the games got mass potential. they've won the r23,5,7 in 3/3 head to heads and r25 2/2 - no head to head had less than 10 corners and at home they attack all game - race to 5 is worth a 2pt bet for Rayo. rayo won r25 v gijon who are a v good corner team last game. expect 1 way traffic	
Angers	v	PSG	France	16:00	2.5	5.5						3+	Keep an eye on the angles line - psg are psg they either show up or they don't when it comes to corners away from home. when they start getting them they keep getting them however the values going to be on angers. angers got 4+ in 5/5 home games and won the corner match 5-1 last time they played psg at home. they don't concede that many corners. and psg conceded 3 or more in 7/8 away. Homeside for the brave on + corner handicap or most corners is worth keeping an eye on. but psg if they show up can hit double figures. the quicker psg take the lead the better. Head to head ended 1-10 in the cup between them in this stadium.	
Dortmund	v	Bayern	Germany	17:30	3.5	3.5		9/10	7/10	3	7/8	3+	Bayern start fast, take a corner before 9/9 mins in this game and keep an eye on fh for first half goal line. 3/3 head to heads both teams scored first half with Bayern winning the race to 3 in 4/4 and race to 5 in 3/4. Bayern most fh corners on unibet will be worth watching for here 4/4 they won most fh 2/3 times they got a late fh corner to win most fh corners. Defo a inplay game not pre game for corner betting	
AZ	v	Willem	Holland	17:30	4.5			7/10	6/10	8	8	Home r25	3+	AZ got 5 or more corners in 7/7 at home. away corners hard to tell if they get 3 or 6 willem are a tough team to research as some games they do great. others they get 3. AZ won the race to 5 in 6/7 home games and hit multiple corners when losing so I'd consider the raced they go behind
West Ham	v	Liverpool	England	17:30		4.5						away r23/5	Liverpool's corner forms superb at home and good away recently. 6/6 away games they won the race to 3/5 fully dominating each game. only concern is West Ham are not conceding corners at home 6/6 for West Ham they didn't concede 5 of which 5 of those were this season. the last team to get 5 at West Ham was Liverpool 7 home games ago.	
Barcelona	v	Sevilla	Spain	19:45	5.5	3.5		8/10	8/10	4	9	Barca r25	11/12 home games Barca won the race to 5 corners. but Sevilla are finding form winning the race to 5 in 3/4 away games the last time they met it ended 4-4 on corners. 5/5 Sevilla got 5 or more away. but Barca should win the races given the fact they are hitting 6-8 at home	
Reus	v	Gijon	Spain 2	19:45						8			The two met in August in the cup at this stadium and it ended on 7 corners. however this is the league. and gijon are better in the league. they often get a corner before 10 mins and reus get and concede I'd expect no less than 4 each. Last game had 6 second half corners and 2/2 home and 2/2 away games all had 6 or more second half corners	
Porto	v	Belenenses	Portugal	20:30	4.5							Home r23/5	Porto won the race to 5 in 12/12 at home an are in supr form for corners. cant see bookies offering much value on it but they are capable of 8-10 team corners if they go behind. porto won the r23,5,7,9 v them in 2/2 head to heads. Porto will get corners until they score usually.	
Rubio NU	v	Luqueno	Paraguay	21:00						3	8		very good history for 4+ fh corners. will be end to end first half both getting corners. history's good here with 3/3 having 9 or more match	
Sunday 5th November														
Kashima Antlers	v	Jrawa Red Dragons	Japan	5:00						3	9		Firstly look at FHGL in this match. both sides love a first half goal. Dragons are a true Jeckyl and Hyde team awful one minute and untouchable the next. History backs these lines but note the time. one for the postmen!	
Fc Copenhagen	v	Brondby	Denmark	11:00	3.5	3.5				4	9	3+	Two of the top corner teams in Denmark clash here. Don't be tempted by huge numbers as occasionally the sides can cancel each other out. Fully anticipate 8-10 total	
Inter	v	Torino	Italy	11:30	4.5	3.5	8/10	9/10		3	9		Inter have been on fire this season, particularly at home and very much so in the league. This tie has a great history of 10+ corners and fully expect Torino to add to the total corner amount. If inter are playing well or chasing the game in either half watch out for late corners	
Holstein Kiel	v	Dynamo Dresden	Germany 2	12:30	3.5	3.5				4	9		Germany div2 can be a cas cow for goals and corners. Look at btts and overs here. As for corners. away side have seen 10+ in their last 7. Home side have seen 7+ total in 10/10 at home	
Jablonec	v	Bmo	Czech	13:00						3	9		Probably not the first teams you think of for corners but we have been keeping an eye on Some lower leagues lately. Both sides are capable of 10 team corners with Jablonec hitting 15.3 games ago. Home side have won race 7 in 4/5, away lost race 7 in last 3. Superb stats for both sides	
Ajax	v	FC Utrecht	Holland	13:30	5.5					4	9	Home R25	put simply, Ajax are one of the most consistent corner teams in the world. 8 straight R25 wins at home. Double figure team corners in 3 Home games already this season.	
PSV	v	FC Twente	Holland	15:45	4.5						9	Home R23/5/7	PSV have won race to 3/5/7 in all of the last 6 meetings Home and away. Twente are no mugs and will add to the total. Real potential for a huge double figures count this game	
Atalanta	v	Spal	Italy	17:00		3.5				3	8		Atalanta are not the great corner team of last season having punched above their weight. Spal have been the surprise team in Serie A this season hitting 5+ in 7/10 last away games in all competitions. See late corners here if Atalanta are chasing the game	
Anderlecht	v	Club Brugge	Belgium	17:00	3.5	3.5				4	8		Two solid corner teams that can be counted on for 4/5 each week in week out. Occasional big hitters make this an eye catching fixture. Can be slow starter well worth a watch inplay	
Real Sociedad	v	Eibar	Spain	17:30	4.5	3.5		7/10	8/10	4	9		Sociedad have been in huge form recently hitting 10 & 12 in their last 2 at home. Eibar are a favourite team we look to week in week out.	
St Etienne	v	Lyon	France	20:00	3.5	3.5				3	8		Le Derby in France. St Etienne fans are the best in the league and will be well up for this. Lyon are a favoured corner team and this match has good history. 4/5 meetings 1 of the teams hits R27.	
Lobos BUAP	v	Monterrey	Mexico	23:00							8		Mexico is a high corner league in general. Monterrey are an old favourite in this league. Serious recent stats for both sides. well worth placing as an acca pick
